Baxter's Spotlight on Veterans Day

Every year on November 11, families and their children across the United States celebrate Veterans Day. The holiday honors veterans, who are people who served in the U.S. military and armed forces. The Army, Marine Corps, Navy, Air Force, Space Force, and Coast Guard are the U.S. armed forces. The Army National Guard and the Air National Guard are reserve components of their services and operate in part under state authority.

To celebrate Veterans Day, some cities and towns across the U.S. have parades. Veterans in many areas march in these parades. Many families honor veterans in their own special way. BAXTER CELEBRATES DNCU'S 70TH ANNIVERSARY!

Did you know Del Norte Credit Union was officially named as the **Los Alamos Scientific Laboratory Credit Union** on November 12, 1954? The LASLCU was the first credit union to serve scientists and their families in Los Alamos, New Mexico. We changed our name to Del Norte Credit Union in the late 1990s. Since our founding, there have been many special things to remember! Speaking of festivities, I hope you have had a chance to visit one of our branch locations with your parents or guardians to celebrate. If you did, I know you had fun like I did!

Be sure to have a parent and/or legal guardian visit dncu.com with you for details to further praise 70 years at a DNCU branch near you!

THE WALL

By Eve Bunting
Ages 7-10

For almost 100 years, the United States has set aside a special day to honor its veterans. This holiday is a chance for the rest of the country to appreciate and remember all the military personnel. This book features eye-catching photographs, accessible language perfect beginning readers, and a picture glossary to help develop expanding vocabularies.

A father and his young son have come to the Vietnam Veterans Memorial to find the name of the grandfather the little boy never knew. They share the sadness as well as the pride of having Grandpa's name there. This moving account is beautifully told from a young child's point of view.
