

Hi Kids,
Summer sure was fun! I hope you had a safe and fun time with friends and family. The school year has begun and I hope you're enjoying the crisp air, leaves changing colors, school activities, and sports. I want to share with you some fun, healthy activities and let you know about some neat ways to learn about money!

Thank you for being a member of Del Norte Credit Union!

With a big bear high-five, *Baxter Bear*

October 2nd is National Child Health Day!

Since 1929, National Child Health Day has been observed to bring awareness to the physical and mental health and safety of children in the United States.

Physical activity and outdoor games are important for a child's overall fitness. The Centers for Disease Control and Prevention recommend that children ages 3 through 5 be active throughout the day. It is suggested that Children and teens ages 6 through 17 need to be active for 60 minutes every day.

What are some things you do to stay healthy?

Some examples of fun, physical activities are taking your pet on a walk, creating a scavenger hunt, going to the park and playing on the playground, or have a dance party! There are so many great and easy ways to stay physically active.

Fall-Colors!

**Pete the Cat
Falling for Autumn:
A Fall Book for Kids**
by James Dean

Ages 3-5

Pete the Cat isn't sure about the changing of the seasons from summer to autumn. But when he discovers corn mazes, hay rides, and apple picking, Pete realizes there's so much to enjoy and be thankful for about autumn.

October, October
by Katya Balen

Ages 9-12

October and her dad live in the woods. They know the trees and the rocks and the lake and stars like best friends. They live in the woods and they are wild. And that's the way it is.

Until the year October turns eleven. That's the year October rescues a baby owl. It's the year Dad falls out of the biggest tree in their woods. The year the woman who calls herself October's mother comes back. The year everything changes.
